Admission, Recognition of Prior Learning or Credit, Registration and Enrolment of Students

General considerations

18. Additional policy and/or guidance on the admission, recognition of prior learning and credit and enrolment of students will be published by the University Education Committee.

19. A programme of study and assessment (hereafter referred to as a 'programme') may have more than one approved normal point of admission (for example to a programme element at pre-Masters level, or to the FHEQ Level 7 parts of a programme. Senate shall

27. Exemptions from any assessment requirements of a programme shall be made on the basis of evidence of prior achievement of the learning outcomes associated with the relevant assessment block/s and the currency of that prior achievement.

28. Exemption may be either 'graded' or 'ungraded' as defined below.

29. For graded exemption, the agreed grades shall be included in grade profiles and calculations when determining progression and award decisions in the programme in the place of the exempted assessment block/s. For ungraded exemption, no grade shall be assigned to the exempted assessment block/s. Ungraded exemption credit shall be excluded from all calculations of GPA and volume of grade credit

30. Exemptions (other than those based on Brunel credit) may not be applied to more than 50% of the taught part assessed credit of any FHEQ Level 7 degree or other award offered under this Regulation.

31. Exemptions from requirements associated with teaching and learning will normally reflect approved assessment exemptions.

32. Where appropriate, the period of study may be reduced for students granted exemption from assessment blocks in recognition of prior learning or higher education credit.

33. A formal record shall be made of the exemptions accorded to such applicants when they were admitted, and of any grades assigned for the purposes of calculating the outcomes of awards. Such applicants shall also be notified in writing regarding the exemption decisions.

34. Where a prior award of the University is used to provide partial exemption from a new award's requirements, the prior award must normally be rescinded before conferral of the new award. Where only partial credit of the prior award is used in this way, the Registrar shall advise on the need to rescind the prior award.

Individual variations to programmes, changes to modes of study and transfers, extensions and abeyances

35. Additional guidance on variations to programmes, changes to modes of study transfers, and abeyances is published by University Education Committee.

36. The authorised member of staff shall be accountable to Senate, through the College Education Committee, for ensuring that each student registered for a programme of study leading to an award follows a programme of study and assessment, which is either set out in an approved programme specification or is a variation approved in accordance with these regulations.

37. Unless otherwise agreed by Senate, for each mode of study in which a programme is offered, the maximum period of registration shall be the normal period of study plus two years up to a maximum period of registration for any programme of five years. The maximum period of registration shall include all approved periods of extension due to extenuating circumstances and any periods of agreed abeyance. Requests for extensions to the maximum period of registration shall be considered by the Senate.

38. Students may, subject to approval, seek to change the programme for which they are registered, or their mode of attendance, normally not later than the end of the second week of his or her study year. Students may seek to change the blocks for which they are enrolled not later than the end of the second week of his or her study year. Any such changes should be approved by the authorised member of staff in the Department offering the new or continuing programme.

39. College Education Committees may, on behalf of Senate, vary the programme of study and assessment of an individual student from the programme set out in the programme specification provided that the revised programme of study still enables the student to demonstrate the learning outcomes of the relevant award.

40. Students wishing to enter a period of abeyance must apply to the College Education Committee for approval. Having been advised by the authorised member of staff regarding the next or most appropriate point for return to the programme following abeyance, the student will confirm to them the date of return from abeyance. The University will not normally agree to periods of abeyance of more than one calendar year in the first instance. Students in abeyance shall remain registered for their programme.
